AS

“ Colleen and I were very good friends. We worked together at PORT DOCK ONE in Newport, Or. and became very close. I was a waitress and she was a hostess. It was my fault that I didn't keep in touch when I moved away.. I drove by her house today to try to find her. But it was too late. The house is run down and no one answered my knock on the door. So very sad to get home to my house in Lafayette, look up her name and find out that she had passed away. I feel very guilty for not keeping in touch with her. She was so kind and brought me presents (one of her hand carved magnets, and beautiful wall thermometer), and played with my son, trying to teach him how to carve. Last time I saw her was at a reunion at Port dock one. Before that she went on a few ski trips to the mountains with all the employees. She was such a caring person. Hope everyone remembers her forever !! Anne Schug

LO

“ To the family of Colleen, I want to send my deepest sympathy to you for your loss of your daughter and Mother of Micheal. I knew Colleen and considered her a dear friend, we use to chat in the phone for hours after I moved from Newport (Beverly Beach) Oregon. She was kind, caring and a wonderful person, you raised a wonderful loving daughter and I know she was a awesome Mom. I pray the Lord will bless you all with comfort and surround you with his Love!
