“ *I just discovered you have passed. Gone wayyy too soon. I wish I could of said one last good bye. You will truly be missed. I wish i could of stopped time when we were together, cause then you'd still be here. I hope and pray that your last few years here were happy times for you and your family. Rest in the arms of Jesus and try to behave in Heaven, if that's possible. Good bye my friend, my heart is heavy with grief, but I will see you again.* ❤️💜😭

“ *I am so sorry for the family's loss. Daveed was a character, and was full of 'spit and vinegar'. He will be missed.*
