“ Harold was our loan officer while we were buying our dream home in the country. We are so glad that Harold was the one that we were paired with during the loan process. He worked very hard with us to overcome many obstacles. He was there every step of the way and updated us regularly on the progress of our loan application. I can't think of a more perfect result and a more dedicated man to a profession he loved. He was the kind of man that we would have personally loved to have as a friend after the business formalities were finished. Anyone that knew Harold should be very proud to have known him. In the years following the closing of our loan, we have frequently spoken fondly of him.
