

Judy-Jo Norris

September 3, 1940 - January 20, 2017

Judy- Jo was born on September 3rd, 1940 to Max and Bertha Harris in Tillamook, Oregon. During her life, she received a bachelor's degree in business administration at City University, and a masters in education with a specialization in vision at Portland State University. For her career, Judy-Jo taught at Columbia Regional Program for Visually Impaired in Oregon and at the Washington State School for the Blind. Mrs. Norris volunteered as a Cub Scout leader, blue bird leader, story lady, music lady and librarian in addition to her church work.

Judy-Jo was married to David Norris for over fifty years. Together they had five children, Randy, Brian, David, Sarah and Daniel. They also had 12 grandchildren including: Bryce, Alicia, Rebecca, Jennifer, Lauralee, Tamra, Ben, Max, Julianna, Sam, Lucy and Andrew. She was also a great grandmother to EmmaRae, Elliana, Logan, Jacob and Chloe. If there was one thing Judy-Jo was known for, it would be her love of family.

Since retirement, Judy-Jo was a member of the Yaquina Arts Association, where she studied art. She designed and sold sculptures, ceramics and drawings. Judy-Jo designed her dream home, which she lived in for eight years. During these years she also helped her husband, Dave, produce a series of books called the CBARCs.

On January 20th, 2017 Judy-Jo passed away with her husband at her side, caring for her. We will always love you.

There will be a funeral on January 27th, at 11:00 AM at Bateman Funeral Home.

“ If I could fly to heaven, or climb those cloudy stairs, I would set my sight on heaven and spend the day there I would hold you in my arms and breathe you in once more Oh I wish I could fly to heaven, cause man do I miss you Sometimes I wonder what it'd be like To be up in the stars above with the angels by my side Surrounded by those I love Oh I wish I could just spend a day or two If I could fly to heaven, that would be just what I'd do I wish I could fly to heaven and spend a day with you Sit on a cloud with angels just to talk about what's new I would climb 1,000 stairs, just to hear your voice again Oh I wish I could fly to heaven, cause I miss you Sometimes I wonder what it'd be like To be up in the stars above with the angels by my side Surrounded by those I love Oh I wish I could just spend a day or two If I could fly to heaven, that would be just what I'd do I would visit every week or so, tell you I'd be back soon I'd tell you that I wish you were here and that I miss you I'd tell you that I love you, you're always on my mind Oh I wish I could fly to heaven, cause I miss you Sometimes I wonder what it'd be like To be up in the stars above with the angels by my side Surrounded by those I love Oh I wish I could just spend a day or two If I could fly to heaven, that would be just what I'd do.

“ Dear Uncle Dave, Aunt Judy was so supportive and understanding with whoever she encountered. I always enjoyed visiting with both of you and your family members. My children got to have cousins close to their own ages to play with because your home was always open for visitation from out of town relatives. Aunt Judy-Jo filled your home with love and comfort. People were what was important to her. She loved to share family tales and facts. O h and I still have the maracas you got for me in Texas. Mom hated them, but I loved to play along as I sang my off key

“ *Granny ALWAYS looked for and chose to see the good in everyone. She always gave the benefit of the doubt and was ready with an encouraging word. Her arms were always open and her heart was always overflowing with love. She ALWAYS thought of others before herself and always put her family first- no matter how she physically or emotionally felt. That is an example that I will always try to follow.*

“ Later there are memories of Easter egg hunts; thanksgiving and going down stairs while the adults set the tables; birthday parties; "the lots"; classical music; Granny and Grandpa rushing over to pick me up when my mom when into an emergency c-section then being woken to be told that I was a big sister again and had a little sister; rushing to multiple hospitals to be with family as much as possible; graduation; Spring Lake; visits to Granny and Grandpas Newport house; bouillabaisse; college discussions; City University; pizza; paintings; investment discussions; CBARCS; kids table and coloring books; dance parties and gardening; IZZYS; loving on my babies and reassuring me that I'm doing a great job at this hard thing called parenting.
