“ I don't even know how to start. My heart is totally breaking for my little brother and his family.

I met Kim back in 81/82 When she and my brother started

A bright eyed beautiful smile on this woman

Laughter is something I can never forget, and the way she made my brother feel the way she looked at my brother, the way he looked at her. I knew that it was forever.

Miss Kim, I know you're now out of pain. 42 years is a long time I admire yours and Andy's relationship your marriage the way you both fought to be with one another.

You two are an example of how a marriage should be.

You were the matriarch of your family and I know it will be hard I can't promise you that I will be here for Andy for the family and whatever capacity they need me to be

I love you, Kimmy with all my heart.

I can't say goodbye. I can only say I will see you later and what a joy that's going to be.
