“ *To Claudia, Dan, shaunna, Tanya and their family's . Our hearts are heavy and we also feel your loss. Ray was a long time friend and I think about him and miss him every day as I am sure you do. Sadness however is usually replaced with a smile as I remember all the times we had when together and some of the crazy things we did. I am happy to have met you all and if you ever need anything please just ask because Ray was family to me and that makes all of you my family also.*
