“ Sharon was my neighbor for many years before she moved to the coast. We became best friends during those years. We were Cub Scout Leaders together. Our children started Ventura Park school together and played together. We liked to do crafts and decorate our houses. We were always sharing some new ideas. After she moved to the coast we continued our friendship. My husband and I would travel down to Waldport and pick her up for a FULL day of antiquing and garage sales. She knew every store in town. She especially loved Pirates Plunder and so did we. When her and Greg came up to see us one time, we took her to the stores we knew. We went almost all day. My husband, Randy, wanted to know how we could Sharon to stop looking. She loved to look at it all. Greg I guess was the smart one. He had stayed at the house with the dog. I admired Sharon for all her volunteer work. She was dedicated. I bought tickets every year from her. I will miss her friendly and honest friendship. She was my dearest friend.

“ *Mother Dear, There is one person i honor & love, from beginning to the End. The one i admire & appreciate for all the love she sends.From Cradle, thru school years, my teens and even now. She has showed more love and patients,then i would ever know how. Her praise has always been there.Her comfort and her care. I've never had to worry if she would be there. No, her love is unconditional, her work never seems done.Yes, she is my mother, the most special under the sun.*By Marty Couture
