“ Stan, Doug and I will always remember how you patiently helped teach us how to can our first tuna when we moved here to Waldport. We enjoyed your crabbing and fishing "tales" when we would visit. Your presence in our church body is missed, but we know we will see you again in our "Father's House".

“ Stan, You were a great husband, father, and friend. We loved how you would be ready to study the Bible in worship. You were such an avid reader of history and knowledge. Thank you for sharing your love of the Alsea Bay and River with us. The early morning fishing and crabbing will be memories for life. You are missed.
